

ANNUAL REPORT OF IQAC 2017-18

The Internal Quality Assurance Cell (IQAC) of the college focuses to develop a system for conscious, consistent and catalytic action to improve the academic and administrative performance of the institution. IQAC has made remarkable contributions to the institution during the academic year 2017-'18. As a quality strategy the cell has made the following contributions to the quality policy of the institution:

1. Proposal for DST FIST

The increasing number of research centres in the college make it quintessential to improve the research infrastructure of the departments. We propose to apply for a project funded by DST FIST to meet the requirements of science departments, especially that of the newly approved research centre at the Chemistry department.

2. Encourage Staff Participation in Refresher and Orientation Courses

A vibrant academic community is the backbone of any academic institution. The participation of staff members in Refresher Courses and Orientation Programme equip them to meet the challenges in their fields. Hence we propose to introduce various institutional measures to ensure maximum participation of faculty members in training programmes.

3. Encourage and Appreciate Research Among Faculty Members

In continuation with the proposal made last year, we stick to intensifying our efforts to encourage faculty members to pursue research degrees.

IQAC WORKSHOP ON ENHANCING QUALITY IN HIGHER EDUCATION

PSMO College Tirurangadi conducted one day state level workshop on UGC Career Advancement Scheme' on 19 August 2017 under the auspices of IQAC and PSMO Staff Club. Dr. T. Mohamed Saleem, Asst.
